Description of your farm (see examples below):

Examples of farm descriptions:

We sell our fresh produce at several farm markets in the central region of the Island. We also sell from our farm gate. We take pride in growing a variety of vegetables including beans, beets, carrots, lettuce, radish and spinach. We have a very scary u-pick pumpkin patch that will be sure to send a shiver back your back. We hope to see you this season.

The Smith Family invites you to our family farm located on the south shore, 20 minutes east of Charlottetown. You will enjoy strolling through our five acre farm consisting of a variety of tree fruits, flower gardens and trails. Try our freshly baked fruit pies and country jams and jellies. Relax under our 100 year old elm trees with a fresh cup of coffee. Enjoy our spectacular strait view while the children visit our farm animals.
