

# TOURISM DIRECTIONAL SIGNAGE SYSTEM (2010/2011)

The Tourism Directional Signage program provides the travelling public with directional signage in a concise, visible manner. Any tourism-related business may apply. Establishment categories include accommodations, attractions, eating establishments, recreation, craft/gift shops, automotive, etc.

### ***The Tourism Directional Signage Sign***

Signs are 45 cm. (18") high and 210 cm. (7') long. The establishment name, an arrow, the distance in kilometres and a corresponding symbol (where applicable) are displayed in reflective white letters on a blue background. The establishment name portion must not exceed 24 characters, including spaces needed between words. Abbreviations may be unavoidable but assistance will be provided with the wording.

Signs can be installed only on the approach to an intersection where a change in direction is necessary to reach the establishment. No signs can be approved for establishments straight ahead on the same route number. Malls may be signed but individual establishments within the mall are not eligible. No signs can be placed within the expanded boundaries of Charlottetown, Summerside, or the Resort Municipality of Stanley Bridge, Hope River, Bayview, Cavendish and North Rustico. Limitations are placed on the number of signs at each approach to any intersection.

### ***Fee Schedule***

The fees to participate in the Tourism Directional Signage Program are as follows:

- The fee payable for an application for each new directional sign for a tourism business is.....\$160 per sign.
- The annual fee payable for the continued placement and maintenance of directional signs for a tourism business is.....\$60 per sign.
- The fee payable for a name change of a directional sign(s) for a tourism business is.....\$100 per sign.

### ***Additional information***

The maximum number of signs per establishment is 4.  
Payment, including GST must accompany the application. Post-dated cheques are not accepted.  
Insufficient payment will delay application processing.  
Cheques are payable to Tourism PEI.  
The tourism establishment must be licenced before signs will be approved.  
If requested sign locations are not available, a refund or credit will be issued.
