2. (1) The Director may enter into an adoption support agreement with adoptive parents where the child to be adopted is under the age of 18 years, is in the permanent custody and guardianship of the Director and

(a) in the opinion of the Director,

(i) the child has one or more special needs because of a mental or physical disability, a serious attachment issue or an emotional or behavioural issue that significantly impedes the normal development of the child, or

(ii) the child is at risk of developing any of the disabilities or issues listed in subclause (i) due to a history of abuse, neglect, multiple placements, prenatal risks or has a parent with a known genetic illness; or

(b) is part of a sibling group being placed in the same family, or has a positive emotional tie of significant duration to the adoptive parents.

---

2. (2) For the purposes of subclauses (1)(a)(i) and (ii), the Director shall assess and document the assessment of the child’s level of present or potential needs and the level of care required by the child.

---

2. (3) For the purposes of subclause (1)(b), the Director shall document the facts of the child’s sibling relationships and emotional ties.

---

2. (4) An adoption support agreement, other than one referred to in subsection 5(2), shall be signed by the parties before the making of a final order for the adoption of the child.

---

2. (5) Before an adoption support agreement is signed by the Director and the adoptive parents, the Director shall attach to the agreement a schedule specifying the assistance and services that will be provided to the family pursuant to the agreement. (EC124/02; 719/05)

---

3. Maintenance payments to adoptive parents

(a) shall not be paid unless the Director is satisfied that care for the child will place an undue financial burden on the family, as determined in accordance with the policies and procedures established by the Director; and

(b) shall not exceed the basic Children in Care rate or equivalent rates established by policies of the Director. (EC124/02)

---

4. (1) Special support may be provided to adoptive parents in respect of a special need of the child only to the extent to which comparable
support is not available from another source, that the Director considers appropriate, without charge to the adoptive parent.

(2) The cost of any special support provided to adoptive parents shall not exceed the cost of the services or support that the child would be eligible for if the child were in the care of the Director.

(3) Adoptive parents shall provide an accounting to the Director for assistance received pursuant to these regulations, in accordance with the policies and procedures established by the Director.

(4) The prior approval of the Director is required respecting an expenditure by the adoptive parents for which special support is claimed, and the adoptive parents shall provide written estimates of the expenditure, as directed by the Director.

(5) The Director may withhold, suspend or disallow future payments or require repayment of sums paid under these regulations where adoptive parents fail to comply with subsection (3). (EC124/02)

5. (1) If, prior to an adoption, no assistance has been identified as being required by the Director or requested by the adoptive parents, the Director may enter into an adoption support agreement with the adoptive parents that provides for assistance at a later time on the basis of the assessed needs of the child.

(2) The Director may designate as an adoption support agreement any agreement referred to in section 56 of the Act that was entered into prior to the coming into force of these regulations. (EC124/02)

6. (1) All adoption support agreements made pursuant to these regulations shall be subject, at least every two years, to review by, and to the approval of, the Director.

(2) After a review pursuant to subsection (1), the Director may revise any terms and conditions of an adoption support agreement as the Director may consider appropriate.

(3) Notwithstanding anything to the contrary in these regulations or in an adoption support agreement, the provision of assistance pursuant to the adoption support agreement may be suspended for any time periods during which the child does not reside with an adoptive parent. (EC124/02)

7. (1) The provision of assistance under an adoption support agreement terminates on the earlier of

(a) the day that the child reaches the age of 18;

(b) the day the child leaves the care of the adoptive parents;
(c) the day the child dies;
(d) the day determined by mutual agreement of the Director and the adoptive parents; or
(e) the day the child moves to another country.

(2) Notwithstanding clause (1)(a), the Director may extend assistance under an adoption support agreement until the child reaches the age of 21 if the Director considers it necessary and important in terms of the best interests of the child.

(3) Notwithstanding clause (1)(e), where an adoptive parent and the child move to another country, the Director may extend assistance under the adoption support agreement if the Director considers it necessary and important in terms of the best interests of the child.

(4) Revoked by EC719/05.

(5) For greater certainty, the provision of assistance under an adoption support agreement is not terminated by reason of the fact that an adoptive parent and the child have moved to another province or to a territory. (EC124/02; 719/05)
