(EC93/06)

Member not subject of investigation elsewhere

13. (1) A member who applies for a license shall provide such information or evidence as the Registrar may require to establish that the member is not, as of the date of the application, or as of the date when the member would otherwise qualify for a license, a person who is the subject in any jurisdiction of an investigation or proceeding, or who was prior to that time the subject of an investigation or proceeding, in respect of an act that relates to the member’s practice as a registered nurse in any jurisdiction or that is derogatory to the honour and dignity of the profession and which, in either case, could have, or has, resulted in a sanction imposed by a proper authority.

(2) Where a member who applies for a license is a person who was, prior to the date of the application, the subject of an investigation or proceeding in any jurisdiction in respect to an act referred to in subsection (1) and the member discloses the existence of the investigation or proceeding and the sanction imposed, if any, in the application, the Registrar may issue the license applied for if the Registrar is satisfied that
(a) no sanction was imposed on the member as a result of the investigation or proceeding; or
(b) the Council, with knowledge of the investigation or proceeding and the sanction imposed, if any, has determined that the member is fit to practice and has approved the issuance of a license notwithstanding the investigation or proceeding and the sanction. (EC93/06)

(a) by a licensed member within two weeks of the expiry of the current license that the licensed member holds or is deemed to hold; or
(b) by a member after the expiry of the last license that the member held or was deemed to have held,
the licensed member or member, as the case may be, is liable to pay and shall submit to the Registrar, together with his or her application, the late fee established by the bylaws. (EC93/06)

15. (1) On receipt of an application by a licensed member for a new license, the Registrar may not issue the new license to a licensed member unless the member establishes to the Registrar’s satisfaction that the member has, within the five years immediately preceding the date the application is submitted to the Registrar,

(b) has successfully completed a refresher course in nursing that is established or approved by the Council under subsection (2); or

required for safe, ethical nursing practice in a specific role and setting.

(2) The Registrar shall provide a copy of the details and requirements 
of the continuing competence program to a member on the website of the 
Association.

(3) Unless exempted by the Registrar, every licensed member shall, 
during the term of the license, comply with or fulfill the requirements of 
the continuing competence program established under subsection (1).

(4) The Registrar may, before issuing a new license to a licensed 
member, require the licensed member to provide documentation or 
evidence satisfactory to the Registrar that indicates that the licensed 
member has complied with or fulfilled the requirements of the continuing 
competence program during the term of the licensed member’s current 
license.

(5) Every licensed member who is required by the Registrar to provide 
documentation or evidence of compliance with the continuing 
competence program under subsection (4) shall provide such 
documentation or evidence prior to making an application for a new 
license.

(6) Where a licensed member applies for a new license and the 
licensed member 
(a) has been required by the Registrar to provide documentation or 
evidence of compliance with the continuing competence program 
under subsection (4); and  
(b) has failed to provide that documentation or evidence to the 
Registrar as required by subsection (5), 
the Registrar shall, if the licensed member meets the other requirements 
of the Act and these regulations, issue a temporary license to the member 
for a term not exceeding 90 days for the purpose of permitting the 
member to provide the documentation or evidence of compliance 
required by the Registrar.

(7) Where a member who is issued a temporary license under 
subsection (6) fails to provide the documentation or evidence of
compliance with the continuing competence program required by the Registrar during the term of the temporary license, the Registrar may not, subject to the other requirements of the Act and these regulations, issue a further license to the member until the member provides the documentation or evidence of compliance required by the Registrar.
