Education Transition Committee

The senior management team for the new Prince Edward Island English Language School Board has been appointed.

We are pleased to announce that Jane McMillan will be fulfilling the role as Acting Superintendent for the new English Language School Board, supported by a very talented and experienced management team.

The core responsibility of the School Board is to provide a safe and caring learning environment with a focus on student achievement where all students have the opportunity to reach their full potential. The new school board will support over 20,000 students, and over 2,300 teachers and support staff.

Bringing the English school boards together will provide a more focused and aligned approach for service delivery, reduce duplication, and improve efficiencies and role clarity.

Trustees

To ensure a smooth transition, two interim trustees will be appointed by July. A call for trustees will go out in the coming months with the new board of trustees taking office on January 1, 2013.
