

## Lived Through This:

### Thoughts on an Eight- Year Road Trip Spent listening to Sexual Violence Survivors

An interactive lecture/photography presentation, featuring Voices and Faces Project founder Anne K. Ream. Anne has travelled internationally, interviewing survivors of sexual violence. She seeks to empower individuals through the sharing of their stories.

In her presentation, Anne will:

- Share the stories of those she's interviewed
- Reflect on the lessons she's learned from the remarkable women and men she's interviewed,
- Consider new models for creating a safer and more just world for victims, and
- Challenge conventional thinking on how survivors heal.

Anne's presentation, which debuted at the Clinton Residential Centre, will make its Canadian debut in PEI, with a special emphasis on a community of survivors from PEI who were interviewed and photographed for this award-winning documentary project.
