

ALPINE PEI - "JUNIOR DEVELOPMENT - INTRO TO SKI RACING"

FACT SHEET - 2016

People often ask "What's next?" as they near the end of the ski lesson program at Brookvale Provincial Ski Park.

For those who want to take their skiing to the next level, and who may also be interested in ski racing, the "Junior Development" program is the perfect next step.

The Junior Development program creates an excellent bridge between the Brown's Volkswagen Ski School and the PEI Alpine Ski Team.

In the "JD" program, experienced racing instructors will introduce students to the next level skills required to be a great racer, or recreational skier.

To start, no special equipment is required (except a helmet of course!), and students are introduced gradually - in a non-competitive environment - to race courses using safe "stubby" gates.

To get a taste of real ski racing, students will be introduced to the current ski team and will have the opportunity to see the team in training.

There is also the opportunity for students in the JD program to participate in local races for an extra cost.

The Junior Development Program is administered by the PEI Alpine Ski Team:

AGES: 8 to 14.

STARTING: Jan 2, 2016.

TIMES: Wednesdays 6 to 8 pm at Brookvale and Saturdays 9 am to 2 pm.
