
 **TABLE OF CONTENTS SERVICE**   
*Frank J. MacDonald Library, Queen Elizabeth Hospital (QEH)*

Don't have time to read the newest journals? Want to keep on top of the newest developments in your field? Join the **Table of Contents Service** of the Frank J. MacDonald Library, QEH and receive the most recent table of contents from the many journals available in the hospital's library.

How does the service work? Fill out the form with your selections and return it to the library and as each new edition from your journal selection(s) is processed you will receive the journal's latest table of contents in the hospital's inter-office mail system. Browse the table of contents and if there are articles that interest you simply notify the library's staff of your choices and we will photocopy up to three articles per journal for you (or you can simply sign out the edition for up to one week).

Please fill out the following form and return to the library by dropping it off in person, sending it via inter-office mail or email us at [QEHLibrary@ihis.org](mailto:QEHLibrary@ihis.org) with your selection(s).

*(please print)*

Select up to three journals from the following list by checking off your preferences:

**AAOHN (American Association of Occupational Health Nurses) Journal:** *monthly*  
Offers articles of professional interest to the occupational and environmental health nurse.

**ACP (American College of Physicians) Journal Club:** *bi-monthly*  
Biomedical literature articles that report original studies and systematic reviews that warrant immediate attention by physicians attempting to keep pace with important advances in internal medicine.

**American Journal of Medicine:** *monthly*  
Publishes original clinical research of interest to physicians in internal medicine, both in academia and community-based practice; the official journal of the Association of Professors of Medicine.

**American Journal of Nursing - AJN :** *monthly*  
The oldest and largest circulating nursing journal in the world promoting excellence in nursing and health care through the dissemination of evidence-based, peer-reviewed clinical information and original research, discussion of relevant and controversial professional issues

**American Journal of Obstetrics and Gynecology - AJOG:** *monthly*  
Presents the latest diagnostic procedures, leading-edge research, and expert commentary in maternal-fetal medicine, reproductive endocrinology and infertility, and gynecologic oncology as well as general obstetrics and gynecology.

**American Journal of Occupational Therapy - AJOT:** *monthly*  
Official peer-reviewed journal that focuses on research, practice, and health care issues in the field of occupational therapy; represent theory-based research, research reviews, and applied research related to innovative program approaches, educational activities, and professional trends.

**American Journal of Ophthalmology - AJO:** *monthly*

Peer-reviewed, scientific publication that welcomes the submission of original, previously unpublished manuscripts directed to ophthalmologists and visual science specialists describing clinical investigations, clinical observations, and clinically relevant laboratory investigations.

**American Journal of Psychiatry:** *monthly*

Publishes the latest advances in the diagnosis and treatment of mental illness; findings presented in this journal explore the full spectrum of issues related to mental health diagnoses and treatment; original articles include new developments in diagnosis, treatment, neuroscience, and patient populations.

**American Journal of Respiratory and Critical Care Medicine - AJRCCM:** *semi-monthly*

Focuses on human biology and disease, as well as animal studies that contribute to the understanding of pathophysiology and treatment of diseases that affect the respiratory system and critically ill patients.

**Anesthesiology:** *monthly*

Peer-reviewed content includes clinical investigations, case reports, reviews, medical intelligence articles, clinical and laboratory investigations, editorials, correspondence, scientific meeting reports and book reviews.

**Annals of Internal Medicine:** *semi-monthly*

The leading journal for studies in internal medicine; published by the American College of Physicians; supported by presentation of a wide variety of experimental and clinical subject matter.

**Antimicrobial Agents and Chemotherapy - AAC:** *monthly*

Devoted to antimicrobial, antiviral, antifungal, and antiparasitic agents and chemotherapy; key source for microbiologists, pharmaceutical researchers, biochemists, pharmacologists, clinicians, and other specialists in infectious diseases.

**AORN (Association of Perioperative Registered Nurses) Journal:** *monthly*

Award-winning publication and premier source of perioperative nursing information

**Archives of Internal Medicine:** *semi-monthly*

International peer-reviewed journal for office- and hospital-based general internists and significant numbers of internal medicine subspecialists.

**Archives of Pediatrics and Adolescent Medicine** (formerly known as the American Journal of Diseases of Children): *monthly*

Peer-reviewed journal for physicians and other health care professionals who contribute to the health of children and adolescents; full range of clinical, scientific, advocacy, and humanistic issues relevant to the care of pediatric patients from infancy through young adulthood.

**Archives of Physical Medicine and Rehabilitation:** *monthly*

Authoritative information on the therapeutic utilization of physical and pharmaceutical agents in providing comprehensive care for persons with disabilities and chronically ill individuals.

**British Medical Journal - BMJ:** *weekly*

Publishes original scientific studies, review and educational articles, and papers commenting on the clinical, scientific, social, political, and economic factors affecting health.

**Canadian Family Physician - CFP:** *monthly*

Peer-reviewed medical journal dedicated to serving Canadian family physicians and advancing the specialty of family medicine worldwide; includes original research, clinical review, continuing professional development, commentary, debates and a variety of other material.

**Canadian Journal of Emergency Medicine - CJEM:** *bi-monthly*

Peer-reviewed journal owned by Canadian Association of Emergency Physicians (CAEP); presents articles of interest to emergency care providers in rural, urban or academic settings; publishing services are provided by the Canadian Medical Association.

**Canadian Journal of Nursing Leadership:** *monthly*

Peer-reviewed; covers politics, policy, theory and innovations that contribute to leadership in nursing administration, practice, teaching and research.

**Canadian Journal of Occupational Therapy - CJOT:** *bi-monthly except for August*

Promotes the advancement and growth of theory and practice in occupational therapy, and to foster excellence in research and education.

**Canadian Journal of Psychiatry:** *14 times a year*

Peer-reviewed scientific articles on ongoing developments in Canadian and international psychiatry.

**Canadian Journal of Public Health:** *bi-monthly*

Peer-reviewed; wide variety of in-depth articles on all aspects of public health, including epidemiology, nutrition, family health, environmental health, sexually transmitted diseases, gerontology, behavioural medicine, rural health, health promotion and public health policy.

**Canadian Medical Association Journal - CMAJ:** *bi-weekly*

Leading health sciences journal in Canada; general medical journal publishing original research and review articles, commentaries and editorials, practice updates, an arts and ideas section and health news.

**Canadian Nurse:** *9 times a year (no issues in July, August or December)*

Country's largest and oldest nursing journal; includes news, peer-reviewed feature articles, profiles of nurses to know, and departments like Legal Matters, Research in Practice and Ethical Dilemma.

**Canadian Operating Room Nursing Journal - CORNJ:** *quarterly*

Reviewed publication of the Operating Room Nurses Association of Canada (ORNAC); promotes professional perioperative nursing practice and provides its membership with relevant, practice-based information to apply in today's OR environment.

**Cancer:** *semi-monthly*

Peer-reviewed publication of the American Cancer Society integrating scientific information from worldwide sources for all oncologic specialties.

**Cancer Cytopathology:** *bi-monthly*

Peer-reviewed publication integrating scientific information from cytopathology; information among cytopathologists and related oncologic disciplines concerned with the etiology and course of human cancer and its diagnosis and prevention.

**Chest:** *monthly*

Official publication of the American College of Chest Physicians (ACCP); features cutting edge clinical

investigations in the multidisciplinary specialties of chest medicine, such as pulmonology, cardiology, thoracic surgery, transplantation, sleep and breathing, airways disease, and more.

**Clinical Infectious Diseases:** *semi-monthly*

Articles on diverse topics in infectious diseases, with a focus on clinical practice; includes special sections focusing on key topics such as HIV/AIDS, antimicrobial resistance, aging and infectious diseases, and biological weapons.

**Critical Care Nurse:** *bi-monthly*

Official publication of the American Association of Critical-Care Nurses (AACN); provide critical care and acute care nurses with accurate, relevant, and useful information concerning the bedside care of critically and acutely ill patients and to keep critical and acute care nurses informed on issues that affect their practice.

**Geriatrics:** *monthly*

Medical journal for primary care physicians and geriatricians whose patients include midlife and older adults; provide readers with clinical tools they can use in their practices today to deliver quality care for patients aged 50 and older in the community and the long-term care setting.

**Health and Social Work:** *quarterly*

Latest advances in areas such as aging, clinical work, long-term care, oncology, substance abuse, depression, and maternal health. Articles also cover research, policy, specialized services, quality assurance, in-service training, and other topics that affect the delivery of health care services.

**Health Reports (Statistics Canada):** *quarterly*

Provides high quality, relevant and comprehensive information on the health status of the population and the health care system; contains articles of wide interest that contain original and timely analyses of health and vital statistics data; sources of data are typically national or provincial/territorial administrative databases or surveys.

**Healthcare Management Forum:** *quarterly*

Peer-reviewed; covers issues related to advances in health services management, theory and practice in a Canadian context.

**Joint Commission Journal on Quality and Patient Safety:** *monthly*

Peer-reviewed journal, serves as a forum for practical approaches to improving quality and safety in health care; articles provide detailed, in-depth case studies that enable readers to adopt or adapt methods, programs, and strategies to their own settings

**Journal of the American Medical Association - JAMA:** *weekly*

International peer-reviewed general medical journal; most widely circulated medical journal in the world.

**Journal of Bone and Joint Surgery (American) - JBJS American:** *monthly*

Official publication of the American Association of Orthopaedic Surgeons (AAOS); comprehensive articles and in-depth features for issues concerning orthopaedic medicine

**Journal of Bone and Joint Surgery (British) - JBJS British:** *monthly*

Published jointly with the American JBJS; publication of the comprehensive articles and in-depth features for issues concerning orthopaedic medicine

**Journal of Continuing Education in Nursing:** *bi-monthly*

Original, peer-reviewed articles on continuing nursing education; advances the body of knowledge, theory, and methods about continuing competence in nursing by: (1) disseminating relevant and critical perspectives pertinent to the practice in the field; (2) evaluating the impact that issues in health care, nursing, and education have on the field; (3) reporting research findings resulting from studies conducted in the field; and (4) analyzing career development issues related to competence and learning.

**Journal of Gerontological Nursing:** *monthly*

Provides a forum for all aspects of gerontological nursing with original clinical articles and the latest research.

**Journal of Healthcare Management:** *bi-monthly*

Official journal of the American College of Healthcare Executives; offers timely healthcare management articles that inform and guide executives, managers, educators, and researchers.

**Journal of Nursing Administration - JONA:** *11 issues per year*

Content is geared to nurse executives, directors of nursing, and nurse managers in hospital, community health, and ambulatory care environments; practical, solution-oriented articles provide the tools to excel in our changing health care system: leadership development; human, material, and financial resource management; staffing and scheduling systems.

**Journal of Obstetric, Gynecologic and Neonatal Nursing - JOGNN:** *bi-monthly*

Official publication of the Association of Women's Health, Obstetric and Neonatal Nursing (AWOHNN) resource for health care professionals committed to clinical scholarship that advances the health care of women and newborns; addresses the latest research, practice issues, policies, opinions, and trends in the care of women, childbearing families, and newborns from a nursing perspective.

**Journal of Palliative Care:** *quarterly*

Published by the Centre for Bioethics; Canadian-based, peer-reviewed, international and interdisciplinary forum for practical, critical thought on palliative care and palliative medicine.

**Journal of Psychosocial Nursing and Mental Health Services:** *monthly*

Peer-reviewed publication for mental health nurses in clinical, academic, and research positions in a variety of community and institutional settings; most up-to-date, practical information available for today's psychosocial nurses.

**Journal of Urology:** *monthly*

Official journal of the American Urological Association (AUA); investigative studies on critical areas of research and practice, survey articles providing short condensations of the best and most important urology literature worldwide and practice-oriented reports on significant clinical observations.

**Journal of Vascular Surgery:** *monthly*

Provides vascular, cardiothoracic, and general surgeons with the most recent information in vascular surgery; peer-reviewed articles cover clinical and experimental studies, noninvasive diagnostic techniques, processes and vascular substitutes, microvascular surgical techniques, angiography, and endovascular management.

**Journal of Wound, Ostomy and Continence Nursing - JWOCN:** *bi-monthly*
