

Palliative Care

Palliative Care is about living fully to the very end of life with dignity and comfort, surrounded by a circle of support

Palliative Care is comfort care for anyone living with a life threatening illness, with emphasis on a "good quality of life".

This is a program which offers comfort and support through a care-giving team of client, family, friends, health care professions, and volunteers. We will work with you and your family to meet your needs and respect your choices. Care can be provided at home, hospitals, nursing homes, or in a palliative care unit.

To contact the Integrated Palliative Care Program in your area call your Home Care Office at the following number:

O'Leary
(902)859-8730

Summerside
(902) 432-2709
