

# PRINCE EDWARD ISLAND DRUG PROGRAMS

## INTERCHANGEABLE/MAXIMUM REIMBURSABLE PRICE LIST

### EFFECTIVE DATE DECEMBER 26, 2016

An interchangeable product is defined as one containing the same amounts of the same active ingredients in the same dosage form. Products within a specific interchangeable category do not necessarily contain the same non-medicinal ingredients.

Special Authorizations are required for coverage of some of the products on the list. In addition, some products are only covered by programs delivered through the Provincial Pharmacy. Please check the PEI Pharmacare Formulary and updates to the Formulary for the benefit status of specific products.

Four categories denoted with an asterisk \* are the result of the Pan-Canadian Competitive Value Price Initiative for Generic Drugs and have had their MRP reduced to 18 percent of the brand name price effective April 1, 2016.

Adobe Acrobat (pdf) and Excel versions of the list are available on the PEI Government website at [www.healthpei.ca/pharmacare](http://www.healthpei.ca/pharmacare) under "Resources for Pharmacists".
