Introduction

The consolidated summary financial statements of the Province of Prince Edward Island are presented through the publication of the Public Accounts, Volume I. These statements consolidate the financial statements of the Province's Operating Fund with the financial statements of Agencies, Boards and Crown Corporations owned or controlled by the Province of Prince Edward Island.

The consolidated financial statements, and Operating Fund financial statements, are prepared on the accrual basis of accounting in accordance with recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Other significant accounting policies used by the Province are described in the Notes to Financial Statements. The statements are prepared by the Comptroller and are audited by the Auditor General, who presents an annual report to the Legislative Assembly on the results of his audit. Comparisons of consolidated revenues and expenditures are not made to the Province's Estimates as budget figures on a consolidated basis are not available.

The Public Accounts for the Year Ended March 31, 2001 consists of two volumes:

Volume I - Financial Statements presents the audited consolidated financial statements of the Provincial reporting entity as described in Note 1 to the financial statements as well as the audited financial statements of the Operating Fund.

Volume II - Details of Revenues and Expenditures and Financial Statements of Agencies and Crown Corporations presents the unaudited details of revenues and expenditures of the Operating Fund on a basis consistent with the Estimates of the Province as well as a reproduction of the audited financial statements of the Agencies, Boards and Crown Corporations owned or controlled by the Province. Volume II can be ordered through the Province's website.

The Public Accounts of the Province are tabled in the Legislative Assembly in accordance with Section 61 of the Financial Administration Account.

Internet Address - Volume I of the Public Accounts are available on the Province's Website at:

<http://www.gov.pe.ca/publications>

Government of the Province of Prince Edward Island
Statement of Responsibility

Responsibility for the integrity and objectivity of the financial statements rests with the Government. The financial statements are prepared by the Comptroller in accordance with the stated accounting policies of the Government. These summary financial statements include a statement of cash flows, accounting policies and notes and schedules integral to the statements. Together, they present fairly, in all material respects the Government's financial condition at the fiscal year end and results of operations for the year then ended. More detailed information regarding the Government's financial position and operating results can be found in other sections of either Volume I or II.

On behalf of the Government

Hon. Patricia J. Mella
Provincial Treasurer

December, 2001

**Province of
Prince Edward Island**

**Consolidated
(Summary) Financial
Statements and Schedules**

Total Revenue

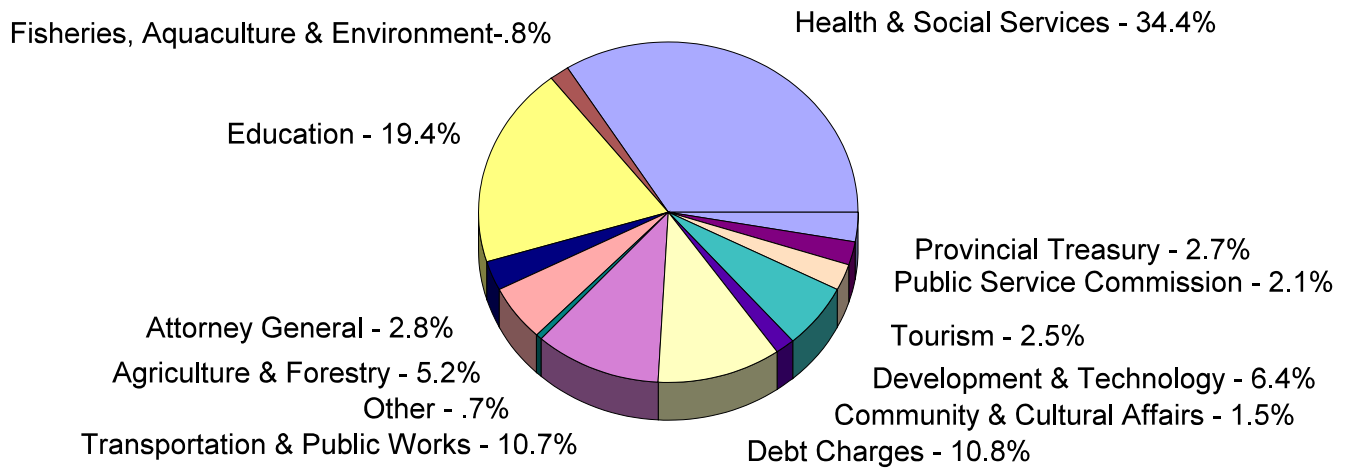

Consolidated (Summary) Financial Statements

Total revenue in 2000/01 for the Province was \$962.4 million, \$40.9 million more than in 1999/00. Increases were mainly in: Taxes (\$8.8 million); Fees and Services (\$7.9 million); and Government of Canada (\$30.6 million).

Total Expenditure by Ministry

Consolidated (Summary) Financial Statements

Total expenditure in 2000/01 for the Province was \$996.3 million, \$93.4 million more than in 1999/00. Increases were mainly in: Agriculture and Forestry (\$26 million); Health and Social Services (\$23.7 million); Education (\$15.4 million); and Development and Technology (\$9.5 million). The increases in expenditure were offset by a decrease in Transportation and Public Works Capital Expenditures (\$16.3 million).

Total Expenditure by Object

Consolidated (Summary) Financial Statements

Total expenditure in 2000/01 for the Province was \$996.3 million, \$93.4 million more than in 1999/00. Increases were mainly in: Transfer Payments (\$47.4 million); Salaries and Employee Benefits (\$26.2 million); and Professional and Contract Services (\$10.2 million). The increases in expenditure were offset by a decrease in Capital Expenditures (\$7.5 million).

AUDITOR'S REPORT

To the Members of the Legislative Assembly
Province of Prince Edward Island

I have audited the Consolidated (Summary) statement of financial position of the Province of Prince Edward Island as at March 31, 2001 and the statement of revenue and expenditure, changes in net debt and cash flows for the year then ended. These statements are the responsibility of Government. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these Consolidated (Summary) financial statements present fairly, in all material respects, the financial position of the Province of Prince Edward Island as at March 31, 2001 and the results of its operations, the changes in net debt and the cash flows for the year then ended in accordance with the basis of accounting disclosed in the notes to the financial statements.

Additional information and comments on the financial statements are included in my Annual Report to the Legislative Assembly.

J. Wayne Murphy, FCA
Auditor General

Charlottetown, Prince Edward Island
October 24, 2001

PROVINCE OF PRINCE EDWARD ISLAND**Notes to the Consolidated Financial Statements****For the year ended March 31, 2001****1 Reporting Entity**

The financial position of the Province is presented by a consolidated statement of financial position combining the statement of financial position of the Operating Fund and the balance sheets of such agencies, crown corporations, and boards as determined under section 61(2) of the Financial Administration Act.

The following agencies, crown corporations, and boards are included in the consolidated statement of financial position using the consolidation method of accounting. Under the consolidation method of accounting inter-organizational balances and transactions are eliminated. This method reports the organizations as if they were one organization.

East Prince Health Authority
Eastern Kings Health Authority
Queens Region Health Authority
Southern Kings Health Authority
West Prince Health Authority
Eastern School Board
French Language School Board
Western School Board
Innovative Solutions Agency (PEI) Inc.
Island Waste Management Corporation
P.E.I. Agricultural Research Investment Fund Inc.
P.E.I. Aquaculture and Fisheries Research Initiative Inc.
P.E.I. Business Development Inc
P.E.I. Crown Building Corporation
P.E.I. Energy Corporation
P.E.I. Housing Corporation
P.E.I. Human Rights Commission
P.E.I. Lending Agency
P.E.I. Museum and Heritage Foundation
P.E.I. Self-Insurance and Risk Management Fund
P.E.I. Special Projects Fund
Tourism P.E.I.

The Eastern, Western, and French Language School Boards have a fiscal year-end of June 30, 2000

The following agencies, crown corporations, and boards are included in the consolidated statement of financial position using the modified equity method of accounting. This method is used for government business enterprises which are defined in Note 7 to these financial statements. The modified equity method reports the percentage of a government business enterprise's net assets owned by the Province as an investment in the Province's Consolidated Statement of Financial Position. Inter-organizational balances and transactions are not eliminated.

Charlottetown Area Development Corporation
Island Investment Development Inc.
P.E.I. Agricultural Insurance Corporation
P.E.I. Grain Elevators Corporation
P.E.I. Liquor Control Commission
P.E.I. Lotteries Commission
P.E.I. Regulatory and Appeals Commission
Summerside Regional Development Corporation Ltd.

The P.E.I. Grain Elevators Corporation has a fiscal year end of July 31, 2000.

The Consolidated Statement of Financial Position does not include the financial position of the Workers' Compensation Board of Prince Edward Island. The Board, as at December 31, 2000, had assets of \$67.4 million (\$59.5 million in 1999) and liabilities of \$98.5 million (\$87.3 million in 1999). The Board has the ability to establish premium rates sufficient to meet its financial obligations.

2 Basis of Accounting

- (a) The Province complies with the recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants with a few exceptions. The Province follows the expenditure basis of accounting for the preparation of its financial statements.
- (b) The financial transactions recorded in the Accounts of the Province and reflected in the Public Accounts are classified as budgetary and non-budgetary.

In general terms budgetary transactions are those which enter into the calculation of the annual budgetary surplus or deficit and are disclosed in the Consolidated Statement of Revenue and Expenditure, both capital and ordinary revenues and expenditures are included. Non-budgetary transactions lead to the acquisition or disposal of financial assets, or to the creation or discharge of financial obligations, which are disclosed in the Consolidated Statement of Financial Position.

(c) Liabilities

Deferred revenue represents amounts received but not earned.

Payables, accruals and other liabilities are recorded for all amounts due for work performed, goods or services received and other charges incurred in the fiscal year.

Borrowings are recorded at face value.

Obligation under capital lease represents the liability recorded for contractual arrangements which are deemed to be capital leases. Establishment of a capital lease recognizes the lease contract as a financing tool to acquire an asset.

Pension obligations represent the Province's net pension liability as calculated using an accrued benefits actuarial method. The net pension liability represents accrued pension benefits less the market value of pension assets.

Debentures represent the gross funded debt of Province of PEI public debenture issues, private debenture issues and Canada Pension Plan debenture issues.

(d) Assets

Receivables are recorded for all amounts due for work performed and goods or services supplied in the fiscal year. A provision for loss is established for doubtful accounts.

Loans and advances are recorded at cost. A provision for loss is established for doubtful accounts.

Inventories are recorded at the lower of cost or net realizable value.

Investments are recorded at the lower of cost or net realizable value.

Investment in government business enterprises represents the net assets of government business enterprises recorded on the modified equity basis as described in Note 1 to these financial statements.

Sinking fund assets are recorded at cost. A portion of the sinking fund assets are externally restricted.

Deferred charges represent recorded expenditures which will be included in the Statement of Revenue and Expenditure in future years.

(e) Net Debt

The Province's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the Province is determined by its liabilities less its listed assets.

(f) Revenues

Revenues are recorded on an accrual basis, however payments from Canada under the Federal - Provincial Fiscal Arrangements, the Canada Health and Social Transfer and the Tax Collection Agreement are based on estimates which will be adjusted against future years revenues when actual results become available.

(g) Expenditures

Expenditures are recorded on an accrual basis.

Capital expenditures are incurred in the acquisition, development or construction of capital assets and equipment. They do not include operational expenses. Capital expenditures are generally for highway construction and buildings. Capital expenditures are reported as expenditures in the year they are made.

Tangible capital assets are reported as expenditures in the year the assets are acquired, they are not included in the Province's Consolidated Statement of Financial Position. Schedule 18 (unaudited) is provided to inform readers of the book value of the tangible capital assets available for use by the Province.

Transfer payments are transfers of money to individuals, organizations or other governments for which the government making the transfer does not receive any goods or services directly in return. Transfer payments are recognized by the Province as expenditures in the period during which both the payment is authorized and any eligibility criteria are met.

3 Province of Prince Edward Island Sinking Fund

The Province of Prince Edward Island Sinking Fund was established to reserve funds to meet future commitments and for debt retirement. Those funds designated for debentures are considered to be externally restricted and as a result cannot be used for other purposes. Earnings on sinking funds are reflected as current account revenue. The Sinking Fund is made up of three components:

(a) Debentures

Installment payments are made to the Sinking Fund from the Operating Fund, they are allocations within the Operating Fund, and as such, are treated as a non-budgetary item. The installment payments for the next five years are:

	(\$000)
2001-2002	11,131
2002-2003	10,511
2003-2004	10,488
2004-2005	9,243
2005-2006	9,243

(b) Canada Pension Plan Debentures

Canada Pension Plan debentures are callable by the Federal Minister of Finance on six months notice. No calls have occurred to date and none are expected. Beginning in March 1999 the Province began re-financing CPP debentures as they become due. There are no installment requirements for Canada Pension Plan debentures and there are no external restrictions on funds contributed to the Sinking Fund for the retirement of Canada Pension Plan debentures. In June 2001 the Province established the Debt Reduction Fund. Funds in the Sinking Fund designated for Canada Pension Plan debentures will be transferred to the Debt Reduction Fund.

(c) Market Contingency Fund

The Market Contingency Fund was established from over-funding of Provincial debenture issues and Canada Pension Plan loans. At March 31, 2001 the balance of this fund is \$54.5 million. In June 2001 the Province established the Debt Reduction Fund. Funds in the Sinking Fund designated as Market Contingency Funds will be transferred to the Debt Reduction Fund.

As at March 31, 2001 Sinking Fund investments include P.E.I. Issues held but not cancelled in the amounts of:

	(\$000)		(\$000)
Debentures - Par Value	22,895	Book Value	24,844
Residuals - Par Value	97,390	Book Value	58,568

4 Claims Outstanding

At March 31, 2001 there are twenty outstanding claims arising from legal action in progress against the Crown in respect of breach of contract, damages to persons and property and like items. The cost to the Province, if any, cannot be determined because the outcome of these actions is uncertain. An estimated amount for settlement of those claims not being paid through the Prince Edward Island Self-Insurance and Risk Management Fund is \$.7 million.

Thirteen of the twenty claims outstanding will be paid through the Prince Edward Island Self-Insurance and Risk Management Fund. The Prince Edward Island Self-Insurance and Risk Management Fund was established in 1988 under Part II of the Financial Administration Act. The fund insures against liability claims. At March 31, 2001, fund reserves were \$7.9 million, (\$7.7 million in 2000). Claims amounting to \$.6 million (\$.4 million in 2000), were settled in the current year. The estimated amount for claims outstanding at March 31, 2001 is \$.5 million (\$.5 million at March 31, 2000). The fund carries an excess liability policy limiting the liability of the fund to \$5 million.

Included in the twenty claims outstanding are two class action suits seeking \$3.5 billion (Hepatitis C) and \$18.7 million (Canadian Red Cross).

5 Solid Waste Landfill Closure and Post-Closure Liability

Public Sector Accounting Board recommendations provide guidelines for disclosure of liability resulting from the operation of landfill sites. This liability applies to all operating and closed landfill sites of governments and their organizations. The liability includes the estimated cost of activities related to closing landfill sites and the estimated cost of monitoring the site once it is no longer accepting waste. The Province is in the process of determining its liability related to solid waste landfill sites for disclosure in future Public Accounts.

6 Commitments

(a) Central Mortgage and Housing Corporation

The Province is committed to pay half the cost of a loan from Central Mortgage and Housing Corporation, for the development of the Charlottetown Area Pollution Control and Summerside Sewage Disposal systems. The outstanding loan balance as at March 31, 2001 was \$453 thousand. An amount of \$187 thousand is included in the 2001-2002 budget of the Department of Community and Cultural Affairs, to meet the Province's principal and interest share for the fiscal year.

(b) K.C. Irving Chemistry Building

The Province is committed to make payments over a ten year period totaling \$1 million plus interest on the outstanding balance. The outstanding balance as at March 31, 2001 was \$600 thousand. An amount of \$150 thousand is included in the 2001-2002 budget of the Department of Education to meet the Province's principal and interest share for the fiscal year.

(c) Prince Edward Island Agricultural Research Investment Fund Inc

The corporation has approved 16 research projects providing for future commitments of \$769 thousand. The commitments expire March 31, 2004.

(d) P.E.I. Lending Agency

The corporation has approved, but not disbursed, loans at March 31, 2001 amounting to \$12.9 million.

(e) Credit Union Deposit Insurance Corporation

The Credit Unions Act states that the Province shall ensure that the obligations of The Credit Union Deposit Insurance Corporation are carried out. The Credit Union Deposit Insurance Corporation provides deposit insurance coverage on deposits held by PEI credit unions. The CUDIC is funded by an assessment on insurable deposits in each of the ten credit unions. At December 31, 2000 the CUDIC had an equity balance of \$3 million. At September 30, 2000 credit unions in Prince Edward Island held insurable deposits totalling \$330 million. The probability that the Province would be called upon to provide financial support to the CUDIC is unlikely due to the fact that, at September 30, 2000, the ten credit unions in PEI had total assets of \$419 million and \$402.5 million in members' deposits and liabilities leaving \$16.5 million in members' equity.

(f) Leases

The Province is party to a significant number of lease agreements. The following list contains those leases where the annual lease payments exceed one hundred thousand dollars.

Asset Description	Annual Lease Cost (\$000)	Lease Expiration
Sir Henry Davies Law Courts *	791 **	March 21, 2128
Health and Social Services Office Space	301	March 31, 2012
Queens Regional Health Authority Office	405	May 14, 2012
Charlottetown Highway Safety Division Office	147	June 30, 2007
Kelly Building (Provincial Court House) *	355	October 31, 2024
Access PEI Summerside Office	583	January 31, 2018
Eastern Kings Regional Services Centre	197	December 31, 2010
Morell Library	163	March 31, 2003
Blanchard Building	212	August 31, 2003
Concorde Building	158	June 30, 2009
Cambridge Building	163	Month to Month
Research Station	293	Being Negotiated
Hillsborough Bridge *	1,359	August 21, 2001
DocuTech 135 High Speed Copier	129	April 26, 2006
Unisys Mainframe Computer	663	March 31, 2003
Law Court Case Management System	730	March 31, 2002
Brudenell Golf Course (Tourism PEI)	102	August 31, 2004

*** Capital Leases**

Costs associated with replacement of the Hillsborough Bridge (\$21.7 million) and renovations to the Davies and Kelly Law Court Buildings (\$6.4 million) have been recorded as capital leases. These capital lease obligations are recorded as liabilities in the Statement of Financial Position.

Island Waste Management Corporation has recorded a capital lease at March 31, 2001 for lease of containers and transponder tags for containers.

**** Sir Henry Davies Law Court Lease**

For the period November 1, 2019 to March 21, 2128 the annual base rent is \$1.

(g) Guaranteed Debt

The Province has guaranteed the repayment of lines of credit, debentures, share issues and student loans. Guarantees amounting to \$35.9 million are reported on Schedule 19.

(h) Pension Obligations

Acts to amend the Civil Service Superannuation Fund and the Teachers' Superannuation Fund reflect that the Province shall pay \$63.4 million and \$129.4 million into the Funds respectively, from 1996 to 2005.

Additional payments will be made for interest revenue lost as a result of deferral of the 1997-98 installment to March 31, 1999. Interest in the amount of \$3.7 million will be paid in seven annual installments commencing on April 1, 1998

7 Government Business Enterprises

Government business enterprises are defined as those agencies, crown corporations and boards which, (i) have the power to contract in their own name, (ii) have the financial and operating authority to carry on a business, (iii) sell goods and services to customers outside the provincial reporting entity as their principal activity and source of revenue, and (iv) are able to maintain their operations and meet their liabilities from revenues received from sources outside the provincial reporting entity.

Schedule 14 presents condensed financial information of those Government Business Enterprises which are included in the provincial reporting entity as described in Note 1 to these financial statements.

8 Pension Funds

The Province sponsors contributory defined benefit pension plans for substantially all of its employees and for members of its legislature. There are four plans - the Civil Service Superannuation Fund, the PEI Teachers' Superannuation Fund, the PEI MLA Pension Fund (Old Plan) and the PEI Pension Plan for Members of the Legislative Assembly (New Plan). The plans provide pensions based on length of service and final average earnings. At present, the plans provide benefits for 2,423 retirees; benefit payments were \$37.9 million in 2001 (\$35.5 million in 2000).

(a) Civil Service Superannuation Fund

Employees of the Province and certain of its' entities are entitled to receive pension benefits pursuant to the provisions of a pension plan under the Civil Service Superannuation Act. The plan is operated within the Civil Service Superannuation Fund which is not part of the Consolidated Fund of the Province. The Plan is funded by employee contributions equal to 6.95 percent of their salary (8.75 percent when not contributing to CPP) with the Province matching those contributions. In 2001, total employee contributions for current year's service were \$8.1 million (\$7.3 million in 2000). Investments of the Fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. By Act the Province is committed to make payments if the Civil Service Superannuation Fund is insufficient to provide for pension payments as they become due. The plan provides for inflation protection to a maximum of 6 percent.

Actuarial Valuations of the Civil Service Superannuation Fund are carried out every three years. The most recent Actuarial Valuation was carried out at April 1, 1999. An estimated update, which is a partial calculation based on an extrapolation of the April 1, 1999 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial loss to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (16 years).

	Actuarial Valuation 01-Apr-99	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	367,574	456,110
Fund Assets	328,023	391,829
Unfunded Liability	39,551	64,281

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

An amendment to the Civil Service Superannuation Act on May 4, 1995 provided for the significant reduction of the unfunded liability of the fund. The amendment calls for a contribution from the government of \$11.6 million in 1995/96 and \$5.8 million in the years 1996/97 to 2004/05.

(b) Teachers' Superannuation Fund

The Teachers' Superannuation Act established a fund for the payment of pensions to retired teachers or refund of contributions under certain circumstances. The plan is operated within the Teachers' Superannuation Fund which is not part of the Consolidated Fund of the Province. The Plan is funded by employee contributions equal to 7.2 percent of their salary (9 percent when not contributing to CPP) with the Province matching those contributions. In 2001, total employee contributions for current year's service were \$5.5 million (\$5.2 million in 2000). Investments of the Fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. By Act the Province is committed to make payments if the Teachers' Superannuation Fund is insufficient to provide for pension payments as they become due. The plan provides for inflation protection to a maximum of 4 percent.

Actuarial Valuations of the Teacher's Superannuation Fund are carried out every three years. The most recent Actuarial Valuation was carried out at July 1, 1999. An estimated update, which is a partial calculation based on an extrapolation of the July 1, 1999 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial gain to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (14 years).

	Actuarial Valuation 01-Jul-99	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	392,767	426,161
Fund Assets	245,891	266,981
Unfunded Liability	146,876	159,180

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

An amendment to the Teachers' Superannuation Act on May 4, 1995 provided for the significant reduction of the unfunded liability of the fund. The amendment calls for a contribution from the government of \$23.6 million in 1995/96 and \$11.8 million in the years 1996/97 to 2004/05.

(c) MLA Pension Fund (Old Plan)

The Legislative Assembly Retirement Allowances Act and Legislature and Executive Pensions Act provided a pension plan for members of the Legislative Assembly. The plan is operated within the MLA Pension Fund which is not part of the Consolidated Fund of the Province. Amendments in 1994 resulted in this plan being replaced by a new pension plan. Participants of the Old Plan will be entitled to benefits accruing under the terms of the plan up to and including June 30, 1994. As a result, contributions to this fund ceased on June 30, 1994; however,

investment interest and payments to existing pensioners will continue to be recorded to this fund. As well, the province provided \$5 million in funding to eliminate the unfunded liability at June 30, 1994. Investments are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. The plan provides for inflation protection to a maximum of 8 percent.

Actuarial Valuations of the Fund are carried out every three years. The most recent Actuarial Valuation was carried out at April 1, 2000. An estimated update, which is a partial calculation based on the extrapolation of the April 1, 2000 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial gain to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (15 years).

	Actuarial Valuation 01-Apr-00	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	13,088	12,989
Fund Assets	20,715	20,263
Unfunded Liability (Surplus)	(7,627)	(7,274)

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

(d) Pension Plan for Members of the Legislative Assembly (New Plan)

An Amendment to the Legislative Assembly Act in 1994 provided for an Indemnities and Allowances Commission to review and determine the remuneration and benefits to be paid to the Members of the Legislative Assembly, Ministers, the Speaker, Opposition House Leader, Government Whip and Opposition Whip. As a result of this amendment, a pension plan called the "Pension Plan for Members of the Legislative Assembly of Prince Edward Island" was established by the Commission with an effective start date of July 1, 1994. The plan is operated within the Pension Plan for Members of the Legislative Assembly (1994) which is not part of the Consolidated Fund of the Province. The plan is funded by contributions from the members of the Legislative Assembly equal to 8 percent of their salary with the Province matching those contributions. In 2001, total contributions for current year's service were \$112.6 thousand (\$110.9 thousand in 2000). Investments of the fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. The plan provides for inflation protection to a maximum of 8 percent.

Actuarial Valuations of the Fund are carried out every three years. The most recent Actuarial Valuation was carried out at April 1, 2000. An estimated update, which is a partial calculation based on the extrapolation of the April 1, 2000 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial loss to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (15 years).

	Actuarial Valuation 01-Apr-00	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	1,206	1,518
Fund Assets	1,181	1,323
Unfunded Liability (Surplus)	25	195

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates,

interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

9 Canada Health and Social Transfer

The Province is receiving, from the Government of Canada, supplementary funding under the Canada Health and Social Transfer. The Federal Government has set up a trust fund to administer this program. The Province is recording revenue from this program per the following schedule:

	First Allocation	Second Allocation	Equipment Allocation	Totals
1999 - 2000	\$9.0 million	-	-	\$ 9.0 million
2000 - 2001	4.5 million	4.5 million	2.3 million	11.3 million
2001 - 2002	2.2 million	2.2 million	2.2 million	6.6 million
2002 - 2003	-	2.2 million	-	2.2 million
2003 - 2004	-	2.2 million	-	2.2 million
Totals	\$15.7 million	\$11.1 million	\$4.5 million	\$31.3 million

10 Reclassified Loan

In the fiscal year ended March 31, 2000 the Province entered into an agreement with Innovative Solutions Agency (PEI) Inc. for development of a human resources program. A loan was provided to Innovative Solutions for the purchase of software and development of the HR program, the intent being that the Province would pay for the program through annual payments to Innovative Solutions. In accordance with guidelines set by the Public Sector Accounting Board this loan has been reclassified and the expenditure to Innovative Solutions, for the HR program, has been recognized as an expenditure in the fiscal year ended March 31, 2000.

11 Employee Benefits Accrual Adjustment

In the fiscal year ended March 31, 2000 the Province made a special adjustment increasing its accrued liability for employee benefits by \$28.5 million. This adjustment is made up of two components; one being the addition of certain benefits payable to Health and Education sector employees not previously recognized by the Province. The second component of the adjustment is a change in the method of calculating the Province's liability for employee benefits.

12 Subsequent Events

(a) Debt Reduction Fund

In June 2001 the Province established the Debt Reduction Fund for the purpose of retiring public debt. Funds in the Sinking Fund designated for Canada Pension Plan debentures, as well as those funds designated as Market Contingency Funds will be transferred to the Debt Reduction Fund.

(b) Guaranteed Debt

On July 24, 2001 the Province approved a loan guarantee for Atlantic Technology Centre in the amount of \$12.1 million.

On September 18, 2001 the Province approved a loan guarantee for Island Waste Management Inc. in the amount of \$30 million.

13 Measurement Uncertainty

Measurement uncertainty exists in financial statements when recorded amounts are based on assumptions or estimates. When estimates are used it is possible that there could be a material variance between the recorded amount and another reasonably possible amount. The accuracy of estimates depends on the completeness and quality of information available at the time of preparation of financial statements. Estimates are adjusted annually to reflect new information as it becomes available. Examples of where measurement uncertainty exists in these financial statements are the calculation of future pension obligations and the provision for losses on loans and accounts receivable.

14 Comparative Figures

Certain 2000 financial statement figures have been restated to conform with the presentation used in 2001.

			11,845	10,390	11,202

Both principal and interest are guaranteed for loan guarantees and debenture share issues.

Guarantee balance at March 31 includes both principal and interest.

During the term authorized, lines of credit may revolve up to the original principal guaranteed plus interest due.

3 Consolidated Agencies and Crown Corporations

P.E.I. Business Development Inc	20,889	20,889	12,431
P.E.I. Lending Agency	246	246	325
	21,135	21,135	12,756

Student Loans

The Province pays a risk premium, in lieu of providing loan guarantees, to banks who provide student loans. As an exception a loan guarantee is provided to lenders by the Province for loans which meet defined conditions. Due to the nature of the student loan program the total amount of outstanding loans guaranteed by the Province per the defined conditions is uncertain. For those loans undertaken by the Province per the loan guarantee, since implementation of the current student loan program in 1994, \$361 thousand remains unpaid at March 31, 2001.

20 Continuity of Provision for Doubtful Accounts

	Provision 31-Mar-00 (\$000)	Written Off During Year 2000-2001 (\$000)	Increase (Decrease) Provided 2000-2001 (\$000)	Provision 31-Mar-01 (\$000)
Accounts and Taxes Receivable:

Total Revenue

Operating Fund

Total revenue in 2000/01 for the Operating Fund was \$951.6 million, \$51.2 million more than in 1999/00. Increases were mainly in: Taxes (\$8.8 million); Fees and Services (\$13.7 million); and the Federal Government (\$30.6 million).

Total Expenditure by Ministry

Operating Fund

Total expenditure in 2000/01 for the Operating Fund was \$963.2 million, \$63.9 million more than in 1999/00. Increases were mainly in: Agriculture and Forestry (\$26.1 million); Health and Social Services (\$23.7 million); Development and Technology (\$15.4 million); Education (\$13 million); and Public Service Commission (\$6.7 million). The increases in expenditure were offset by decreases in: Provincial Treasury (\$20.8 million) and Transportation and Public Works Capital Expenditure (\$16.3 million).

Total Expenditure by Object

Operating Fund

Total expenditure in 2000/01 for the Operating Fund was \$963.2 million, \$63.9 million more than in 1999/00. Increases were mainly in: Transfer Payments (\$45.7 million) and Salaries and Employee Benefits (\$16.9 million).

AUDITOR'S REPORT

To the Members of the Legislative Assembly
Province of Prince Edward Island

These financial statements report transactions and events of the Operating Fund only. Significant financial activities of the Government occur outside this Fund. Therefore, readers should not use the Operating Fund's financial statements to understand and assess the Government's management of public financial affairs and resources as a whole.

Volume 1 of the Public Accounts also includes a more complete set of financial statements. Those statements are called the *Consolidated (Summary) Financial Statements* of the Province of Prince Edward Island. Their purpose is to report the full nature and extent of the financial affairs and resources for which the Government is responsible. Please refer to those summary statements to understand and assess the Government's management of public financial affairs and resources as a whole.

I have audited the Operating Fund statement of financial position of the Province of Prince Edward Island as at March 31, 2001 and the statement of revenue and expenditure, changes in net debt and cash flows for the year then ended. These statements are the responsibility of Government. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. In my opinion, these Operating Fund financial statements present fairly, in all material respects, the financial position of the Province of Prince Edward Island as at March 31, 2001 and the results of its operations, the changes in net debt and the cash flows for the year then ended in accordance with the basis of accounting disclosed in the notes to the financial statements.

Additional information and comments on the financial statements are included in my Annual Report to the Legislative Assembly.

J. Wayne Murphy, FCA
Auditor General

Charlottetown, Prince Edward Island
October 24, 2001

PROVINCE OF PRINCE EDWARD ISLAND**Notes to Operating Fund Financial Statements****For the year ended March 31, 2001****1 (a) Reporting Entity**

In accordance with the Financial Administration Act, the financial position of the Province is presented by a Statement of Financial Position of the Operating Fund. The Operating Fund receives all revenues unless otherwise specified by law. Spending from the Operating Fund is appropriated by the Legislative Assembly.

Government entities, such as agencies and crown corporations, report separately in other financial statements. The Province's consolidated (summary) financial statements includes the combined financial position, and financial activities, of the Operating Fund and other government entities. The consolidated financial statements are provided separately.

(b) Definitions**Capital Expenditure**

Expenditures incurred in the acquisition, development or construction of capital assets and equipment with a cost of \$50 thousand or greater. They do not include operational expenses. Capital expenditures are generally for highway construction and buildings. Capital expenditures are reported as expenditures in the year they are made.

Tangible Capital Assets

Non-financial assets that are held for use in the production or supply of goods and services, have useful lives extending beyond one accounting period and are not intended for sale in the ordinary course of operations.

Ordinary Expenditures:**Administration**

Includes the costs associated with the operation and administration of an office.

Debt

Includes the cost of servicing the public debt and provision for losses.

Equipment

Includes equipment costing less than \$50 thousand and not permanently attached to buildings.

Materials and Supplies

Includes the cost of consumable supplies required in day to day operations.

Professional and Contract Services

Includes professional and contract services from non - government individuals or organizations.

Salary and Employee Benefits

Includes costs associated with employment of individuals such as salaries, severance and retirement allowances, workers compensation and employer share of insurance, Blue Cross, Canada Pension Plan, unemployment insurance, etc.

Travel and Training

Includes all costs associated with travel and training of provincial government employees.

Transfer Payments

Payments to individuals, organizations or other governments for which the government making the transfer does not receive any goods or services directly in return. Transfer payments are recognized by the Province as expenditures in the period during which both the payment is authorized and any eligibility criteria are met.

Inventory

Includes only that which is held for resale. Other commodities relating to consumable goods are valued at nil.

2 Basis of Accounting

- (a) The Province complies with the recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants with a few exceptions. The Province follows the expenditure basis of accounting for the preparation of its financial statements.
- (b) The financial transactions recorded in the Accounts of the Province and reflected in the Public Accounts are classified as budgetary and non-budgetary.

In general terms budgetary transactions are those which enter into the calculation of the annual budgetary surplus or deficit and are disclosed in the Statement of Revenue and Expenditure, both Capital and Ordinary Revenues and Expenditures are included. Non-budgetary transactions lead to the acquisition or disposal of financial assets, or to the creation or discharge of financial obligations, which are disclosed in the Statement of Financial Position.

(c) Liabilities

Bank advances represent net cash position including bank balances and term deposits.

Deferred revenue represents amounts received but not earned.

Payables, accruals and other liabilities are recorded for all amounts due for work performed, goods or services received and other charges incurred in the fiscal year.

Borrowings are recorded at face value.

Obligation under capital lease represents the liability recorded for contractual arrangements which are deemed to be capital leases. Establishment of a capital lease recognizes the lease contract as a financing tool to acquire an asset.

Pension obligations represent the Province's net pension liability as calculated using an accrued benefits actuarial method. The net pension liability represents accrued pension benefits less the market value of pension assets.

Debentures represent the gross funded debt of Province of PEI public debenture issues, private debenture issues and Canada Pension Plan debenture issues.

(d) Assets

Receivables are recorded for all amounts due for work performed and goods or services supplied in the fiscal year. A provision for loss is established for doubtful accounts.

Loans and advances are recorded at cost. A provision for loss is established for doubtful accounts.

Inventories are recorded at the lower of cost or net realizable value.

Investments are recorded at the lower of cost or net realizable value.

Sinking fund assets are recorded at cost. A portion of the sinking fund assets are externally restricted.

Deferred charges represent recorded expenditures which will be included in the Statement of Revenue and Expenditure in future years.

(e) Net Debt

The Province's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the Province is determined by its liabilities less its listed assets.

(f) Revenues

Revenues are recorded on an accrual basis, however payments from Canada under the Federal - Provincial Fiscal Arrangements, the Canada Health and Social Transfer and the Tax Collection Agreement are based on estimates which will be adjusted against future years revenues when actual results become available.

(g) Expenditures

Expenditures are recorded on an accrual basis.

Tangible capital assets are reported as expenditures in the year the assets are acquired, they are not included in the Province's Statement of Financial Position. Schedule 16 (unaudited) is provided to inform financial statement users of the net book value of the tangible capital assets available for use by the Province. Amortization, which is not reported in the Statement of Revenue and Expenditure, is calculated using the straight line and declining balance methods at the following annual rates:

Buildings	Declining Balance - 2.5%
Leasehold Improvements	Straight Line - Based on Length of Lease
Roads	Declining Balance - 10%
Bridges	Declining Balance - 2.5%
Motor Vehicles	Declining Balance - 10% - 20%
Equipment	Declining Balance - 20%
Computer Equipment	Straight Line - 20%
Other	Straight Line - 5% - 20%

3 Province of Prince Edward Island Sinking Fund

The Province of Prince Edward Island Sinking Fund was established to reserve funds to meet future commitments and for debt retirement. Those funds designated for debentures are considered to be externally restricted and as a result cannot be used for other purposes. Earnings on sinking funds are reflected as current account revenue. The Sinking Fund is made up of three components:

(a) Debentures

Installment payments are made to the Sinking Fund from the Operating Fund, they are allocations within the Operating Fund, and as such, are treated as a non-budgetary item. The installment payments for the next five years are:

	(\$000)
2001-2002	11,131
2002-2003	10,511
2003-2004	10,488
2004-2005	9,243
2005-2006	9,243

(b) Canada Pension Plan Debentures

Canada Pension Plan debentures are callable by the Federal Minister of Finance on six months notice. No calls have occurred to date and none are expected. Beginning in March 1999 the Province began re-financing CPP debentures as they become due. There are no installment requirements for Canada Pension Plan debentures and there are no external restrictions on funds contributed to the Sinking Fund for the retirement of Canada Pension Plan debentures. In June 2001 the Province established the Debt Reduction Fund. Funds in the Sinking Fund designated for Canada Pension Plan debentures will be transferred to the Debt Reduction Fund.

(c) Market Contingency Fund

The Market Contingency Fund was established from over-funding of Provincial debenture issues and Canada Pension Plan loans. At March 31, 2001 the balance of this fund is \$54.5 million. In June 2001 the Province established the Debt Reduction Fund. Funds in the Sinking Fund designated as Market Contingency Funds will be transferred to the Debt Reduction Fund.

As at March 31, 2001 Sinking Fund investments include PEI Issues held but not cancelled in the amounts of:

	(\$000)		(\$000)
Debentures - Par Value	22,895	Book Value	24,844
Residuals - Par Value	97,390	Book Value	58,568

4 Claims Outstanding

At March 31, 2001 there are twenty outstanding claims arising from legal action in progress against the Crown in respect of breach of contract, damages to persons and property and like items. The cost to the Province, if any, cannot be determined because the outcome of these actions is uncertain. An estimated amount for settlement of those claims not being paid through the Prince Edward Island Self-Insurance and Risk Management Fund is \$686 thousand.

Thirteen of the twenty claims outstanding will be paid through the Prince Edward Island Self-Insurance and Risk Management Fund. The Prince Edward Island Self-Insurance and Risk Management Fund was established in 1988 under Part II of the Financial Administration Act. The fund insures against liability claims. At March 31, 2001, fund reserves were \$7.9 million, (\$7.7 million in 2000). Claims amounting to \$586 thousand (\$415 thousand in 2000), were settled in the current year. The estimated amount for claims outstanding at March 31, 2001 is \$503 thousand (\$500 thousand in 2000). The fund carries an excess liability policy limiting the liability of the fund to \$5 million.

Included in the twenty claims outstanding are two class action suits seeking \$3.5 billion (Hepatitis C) and \$18.7 million (Canadian Red Cross).

5 Solid Waste Landfill Closure and Post-Closure Liability

Public Sector Accounting Board recommendations provide guidelines for disclosure of liability resulting from the operation of landfill sites. This liability applies to all operating and closed landfill sites of governments and their organizations. The liability includes the estimated cost of activities related to closing landfill sites and the estimated cost of monitoring the site once it is no longer accepting waste. The Province is in the process of determining its liability related to solid waste landfill sites for disclosure in future Public Accounts.

6 Commitments**(a) Central Mortgage and Housing Corporation**

The Province is committed to pay half the cost of a loan from Central Mortgage and Housing Corporation, for the development of the Charlottetown Area Pollution Control and Summerside Sewage Disposal systems. The outstanding loan balance as at March 31, 2001 was \$453 thousand. An amount of \$187 thousand is included in the 2001-2002 budget of the Department of Community and Cultural Affairs, to meet the Province's principal and interest share for the fiscal year.

(b) K.C. Irving Chemistry Building

The Province is committed to make payments over a ten year period totaling \$1 million plus interest on the outstanding balance. The outstanding balance as at March 31, 2001 was \$600 thousand. An amount of \$150 thousand is included in the 2001-2002 budget of the Department of Education to meet the Province's principal and interest share for the fiscal year.

(c) Credit Union Deposit Insurance Corporation

The Credit Unions Act states that the Province shall ensure that the obligations of The Credit Union Deposit Insurance Corporation are carried out. The Credit Union Deposit Insurance Corporation provides deposit insurance coverage on deposits held by PEI credit unions. The CUDIC is funded by an assessment on insurable deposits in each of the ten credit unions. At December 31, 2000 the CUDIC had an equity balance of \$3 million. At September 30, 2000 credit unions in Prince Edward Island held insurable deposits totalling \$330 million. The probability that the Province would be called upon to provide financial support to the CUDIC is unlikely due to the fact that, at September 30, 2000, the ten credit unions in PEI had total assets of \$419 million and \$402.5 million in members' deposits and liabilities leaving \$16.5 million in members' equity.

(d) Leases

The Province is party to a significant number of lease agreements. The following list contains those leases where the annual lease payments exceed one hundred thousand dollars.

Asset Description	Annual Lease Cost (\$000)		Lease Expiration
Sir Henry Davies Law Courts *	791	**	March 21, 2128
Health and Social Services Office Space	301		March 31, 2012
Queens Regional Health Authority Office	405		May 14, 2012
Ch'town Highway Safety Division Office	147		June 30, 2007
Kelly Building (Provincial Court House) *	355		October 31, 2024
Access PEI Summerside Office	583		January 31, 2018
Eastern Kings Regional Services Centre	197		December 31, 2010

Unisys Mainframe Computer	663		March 31, 2003
Law Court Case Management System	730		March 31, 2002

*** Capital Leases**

Costs associated with replacement of the Hillsborough Bridge (\$21.7 million) and renovations to the Davies and Kelly Law Courts Buildings (\$6.4 million) have been recorded as capital leases. These capital lease obligations are recorded as liabilities in the Statement of Financial Position.

**** Sir Henry Davies Law Court Lease**

For the period November 1, 2019 to March 21, 2128 the annual base rent is \$1.

(e) Guaranteed Debt

The Province has guaranteed the repayment of lines of credit, debentures, share issues and student loans. Guarantees amounting to \$21.9 million are reported on Schedule 18.

(f) Pension Obligations

Acts to amend the Civil Service Superannuation Fund and the Teachers' Superannuation Fund reflect that the Province shall pay \$63.4 million and \$129.4 million into the Funds respectively, from 1996 to 2005.

Additional payments will be made for interest revenue lost as a result of deferral of the 1997-98 installment to March 31, 1999. Interest in the amount of \$3.7 million will be paid in seven annual installments commencing on April 1, 1998

7 Pension Funds

The Province sponsors contributory defined benefit pension plans for substantially all of its employees and for members of its legislature. There are four plans - the Civil Service Superannuation Fund, the PEI Teachers' Superannuation Fund, the PEI MLA Pension Fund (Old Plan) and the PEI Pension Plan for Members of the Legislative Assembly (New Plan). The plans provide pensions based on length of service and final average earnings. At present, the plans provide benefits for 2,423 retirees; benefit payments were \$37.9 million in 2001 (\$35.5 million in 2000).

(a) Civil Service Superannuation Fund

Employees of the Province and certain of its' entities are entitled to receive pension benefits pursuant to the provisions of a pension plan under the Civil Service Superannuation Act. The plan is operated within the Civil Service Superannuation Fund which is not part of the Consolidated Fund of the Province. The Plan is funded by employee contributions equal to 6.95 percent of their salary (8.75 percent when not contributing to CPP) with the Province matching those contributions. In 2001, total employee contributions for current year's service were \$8.1 million (\$7.3 million in 2000). Investments of the Fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. By Act the Province is committed to make payments if the Civil Service Superannuation Fund is insufficient to provide for pension payments as they become due. The plan provides for inflation protection to a maximum of 6 percent.

Actuarial Valuations of the Civil Service Superannuation Fund are carried out every three years. The most recent Actuarial Valuation was carried out at April 1, 1999. An estimated update, which is a partial calculation based on an extrapolation of the April 1, 1999 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial loss to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (16 years).

	Actuarial Valuation 01-Apr-99	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	367,574	456,110
Fund Assets	328,023	391,829
Unfunded Liability	39,551	64,281

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

An amendment to the Civil Service Superannuation Act on May 4, 1995 provided for the significant reduction of the unfunded liability of the fund. The amendment calls for a contribution from the government of \$11.6 million in 1995/96 and \$5.8 million in the years 1996/97 to 2004/05.

(b) Teachers' Superannuation Fund

The Teachers' Superannuation Act established a fund for the payment of pensions to retired teachers or refund of contributions under certain circumstances. The plan is operated within the Teachers' Superannuation Fund which is not part of the Consolidated Fund of the Province. The Plan is funded by employee contributions equal to 7.2 percent of their salary (9 percent when not contributing to CPP) with the Province matching those contributions. In 2001, total employee contributions for current year's service were \$5.5 million (\$5.2 million in 2000). Investments of the Fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. By Act the Province is committed to make payments if the Teachers' Superannuation Fund is insufficient to provide for pension payments as they become due. The plan provides for inflation protection to a maximum of 4 percent.

Actuarial Valuations of the Teacher's Superannuation Fund are carried out every three years. The most recent Actuarial Valuation was carried out at July 1, 1999. An estimated update, which is a partial calculation based on an extrapolation of the July 1, 1999 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial gain to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (14 years).

	Actuarial Valuation 01-Jul-99	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	392,767	426,161
Fund Assets	245,891	266,981
Unfunded Liability	146,876	159,180

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

An amendment to the Teachers' Superannuation Act on May 4, 1995 provided for the significant reduction of the unfunded liability of the fund. The amendment calls for a contribution from the government of \$23.6 million in 1995/96 and \$11.8 million in the years 1996/97 to 2004/05.

(c) MLA Pension Fund (Old Plan)

The Legislative Assembly Retirement Allowances Act and Legislature and Executive Pensions Act provided a pension plan for members of the Legislative Assembly. The plan is operated within the MLA Pension Fund which is not part of the Consolidated Fund of the Province. Amendments in 1994 resulted in this plan being replaced by a new pension plan. Participants of the Old Plan will be entitled to benefits accruing under the terms of the plan up to and including June 30, 1994. As a result, contributions to this fund ceased on June 30, 1994; however, investment interest and payments to existing pensioners will continue to be recorded to this fund. As well, the province provided \$5 million in funding to eliminate the unfunded liability at June 30, 1994. Investments are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. The plan provides for inflation protection to a maximum of 8 percent.

Actuarial Valuations of the Fund are carried out every three years. The most recent Actuarial Valuation was carried out at April 1, 2000. An estimated update, which is a partial calculation based on the extrapolation of the April 1, 2000 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial gain to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (15 years).

	Actuarial Valuation 01-Apr-00	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	13,088	12,989
Fund Assets	20,715	20,263
Unfunded Liability (Surplus)	(7,627)	(7,274)

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

(d) Pension Plan for Members of the Legislative Assembly (New Plan)

An Amendment to the Legislative Assembly Act in 1994 provided for an Indemnities and Allowances Commission to review and determine the remuneration and benefits to be paid to the Members of the Legislative Assembly, Ministers, the Speaker, Opposition House Leader, Government Whip and Opposition Whip. As a result of this amendment, a pension plan called the "Pension Plan for Members of the Legislative Assembly of Prince Edward Island" was established by the Commission with an effective start date of July 1, 1994. The plan is operated within the Pension Plan for Members of the Legislative Assembly (1994) which is not part of the Consolidated Fund of the Province. The plan is funded by contributions from the members of the Legislative Assembly equal to 8 percent of their salary with the Province matching those contributions. In 2001, total contributions for current year's service were \$112.6 thousand (\$110.9 thousand in 2000). Investments of the fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. The plan provides for inflation protection to a maximum of 8 percent.

Actuarial Valuations of the Fund are carried out every three years. The most recent Actuarial Valuation was carried out at April 1, 2000. An estimated update, which is a partial calculation based on the extrapolation of

the April 1, 2000 valuation, is provided as at March 31, 2001. There is a net unamortized actuarial loss to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (15 years).

	Actuarial Valuation 01-Apr-00	Estimate 31-Mar-01
	(\$000)	(\$000)
Actuarial Liability	1,206	1,518
Fund Assets	1,181	1,323
Unfunded Liability (Surplus)	25	195

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 3.5 percent. The discount rate used to determine the accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was 2.9 percent in 2001 (13 percent in 2000).

8 Canada Health and Social Transfer

The Province is receiving, from the Government of Canada, supplementary funding under the Canada Health and Social Transfer. The Federal Government has set up a trust fund to administer this program. The Province is recording revenue from this program per the following schedule:

	First Allocation	Second Allocation	Equipment Allocation	Totals
1999 - 2000	\$9.0 million	-	-	\$ 9.0 million
2000 - 2001	4.5 million	4.5 million	2.3 million	11.3 million
2001 - 2002	2.2 million	2.2 million	2.2 million	6.6 million
2002 - 2003	-	2.2 million	-	2.2 million
2003 - 2004	-	2.2 million	-	2.2 million
Totals	\$15.7 million	\$11.1 million	\$4.5 million	\$31.3 million

9 Reclassified Loan

In the fiscal year ended March 31, 2000 the Province entered into an agreement with Innovative Solutions Agency (PEI) Inc. for development of a human resources program. A loan was provided to Innovative Solution for the purchase of software and development of the HR program, the intent being that the Province would pay for the program through annual payments to Innovative Solutions. In accordance with guidelines set by the Public Sector Accounting Board this loan has been reclassified and the expenditure to Innovative Solutions, for the HR program, has been recognized as an expenditure in the fiscal year ended March 31, 2000.

10 Employee Benefits Accrual Adjustment

In the fiscal year ended March 31, 2000 the Province made a special adjustment increasing its accrued liability for employee benefits by \$28.5 million. This adjustment is made up of two components; one being the addition of certain benefits payable to Health and Education sector employees not previously recognized by the Province. The second component of the adjustment is a change in the method of calculating the Province's liability for employee benefits.

11 Subsequent Events**(a) Debt Reduction Fund**

In June 2001 the Province established the Debt Reduction Fund for the purpose of retiring public debt. Funds in the Sinking Fund designated for Canada Pension Plan debentures, as well as those funds designated as Market Contingency Funds will be transferred to the Debt Reduction Fund.

(b) Guaranteed Debt

On July 24, 2001 the Province approved a loan guarantee for Atlantic Technology Centre Inc in the amount of \$12.1 million.

On September 18, 2001 the Province approved a loan guarantee for Island Waste Management Inc in the amount of \$30 million.

12 Measurement Uncertainty

Measurement uncertainty exists in financial statements when recorded amounts are based on assumptions or estimates. When estimates are used it is possible that there could be a material variance between the recorded amount and another reasonably possible amount. The accuracy of estimates depends on the completeness and quality of information available at the time of preparation of financial statements. Estimates are adjusted annually to reflect new information as it becomes available. Examples of where measurement uncertainty exists in these financial statements are the calculation of future pension obligations and the provision for losses on loans and accounts receivable.

13 Comparative Figures

Certain 2000 financial statement figures have been restated to conform with the presentation in 2001.

Tangible capital assets are valued at historical cost, or estimated cost where historical cost information is not available.

This schedule does not include balances for land. The Province is gathering historical cost information on land for inclusion in future Public Accounts. Amortization is calculated using the straight line and declining balance methods (see note 2g).

Accumulated Amortization adjustments reflect a change in the method of calculation for buildings, motor vehicles and equipment from the straight line method to the declining balance method.

The totals for capital expenditures on the Statement of Capital Revenue and Expenditure do not relate to capital addition totals on this schedule due to the fact that the policy for inclusion of assets in this schedule differs from the policy for classifying capital expenditures in the Operating Fund (see Note 1b)

Both principal and interest are guaranteed for loan guarantees and debenture share issues.

Guarantee balance at March 31 includes both principal and interest.

During the term authorized, lines of credit may revolve up to the original principal guaranteed plus interest due.

Student Loans

The Province pays a risk premium, in lieu of providing loan guarantees, to banks who provide student loans. As an exception a loan guarantee is provided to lenders by the Province for loans which meet defined conditions. Due to the nature of the student loan program the total amount of outstanding loans, guaranteed by the Province per the defined conditions, is uncertain. For those loans undertaken by the Province per the loan guarantee, since implementation of the current student loan program in 1994, \$361 thousand remains unpaid at March 31, 2001.
