

PEI FALL Listings

This section contains a list of over 1000 businesses open until September 15, and more than 600 of these (**indicated by an orange marker**  beside the **business name**) are open until October 27 or later. Keep it handy to make the most of your visit.

These fall listings are

organized according to our six regions, ranging from east to west. Each region section lists the attractions, accommodations, activities and restaurants alphabetically by place name open until mid-September or longer.
